

November 29, 2018

Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing GarrettCom's **Magnum CP80** family of unmanaged switches effective November 29, 2018.

Belden has a limited stock of these devices that will last until the last order date April 30, 2019.

The already available Magnum ES42 or Hirschmann Spider II are the recommended replacement parts for the Magnum CP80 unmanaged switches.

Discontinued Product(s)

| Discontinued Product Family | Description | Suggested Alternative | Description |
|-----------------------------|---|--------------------------|--|
| Magnum CP80 | Unmanaged Switch with up to 8 FE Copper ports and 1 FE Fiber port | Magnum ES42 | Unmanaged Edge Switch with up to 6 FE-ports |
| | | Hirschmann Spider II 8TX | Industrial Unmanaged Switch with up to 10 FE-ports |

To help convert your configurations from the Magnum CP80 to an equivalent Magnum ES42 or Hirschmann Spider II switch, please contact local Belden sales representative.

The standard warranty terms will be honored for all units shipped to date. For more information on Belden's Long Term Product Support Policy for Industrial Networking products, please visit www.beldensolutions.com/ltps. Special contracts in place and active prior to the announcement date will be honored according to the terms of that contract, with regard to product availability, warranty, or support terms.
